Profile

Versatile software developer with the ability to pick up new languages and technologies as needed. Passionate about tech, TypeScript, web development tooling and shipping production ready applications.

Skills

HTML, CSS, JavaScript/TypeScript, Node, React, NextJS, Express, Redux, DotNET, C#, PHP, PostgreSQL, MongoDB, Sequelize, GraphQL, RESTful API, Debugging, Unit & E2E testing, Git, GitHub, GitLab, DevOps, Responsive Design, Bootstrap, Tailwind, Styled Components, UI/UX, Graphic Design, Google Analytics, Salesforce, Heroku, Netlify & Vercel.

Experience

Full Stack Software Developer, Bouncing Pixel, Houston, TX — 4/22 - 3/24
Managed multiple client projects, in various industries, from development to production using TypeScript, React, NextJS, PHP, DotNET & C#. Managed and maintained legacy code bases and helped update from PHP to TypeScript. Weekly standup meetings with progress reports/updates for clients and managers.

Full Stack Software Developer, WealthGuard IG, Houston, TX — 9/21-4/22
Helped start the company by building custom, full-stack React/NextJS applications for company and partner companies— from design to deployment. Integrated Salesforce CRM and developed e-mail campaigns from customer data. Created custom flyers & infographics with company branding.

Lead Frontend Developer, Edge196, Houston, TX — 01/21 - 09/21
Helped launch Edge196's own cryptocurrencies and web applications. Created custom components, features, branding/logos and partner apps.

Education

Digital Crafts, Houston, TX
